

Welcome to the Fall 2013 Semester

The 2013-2014 academic year is upon us with students arriving on Monday, August 19th. Please help our students as you meet them the first day of class:

- Let them know the amount of out-of-class time that you expect them to prepare for your course.
- Encourage them to see you during office hours, make use of advising, and know academic support services available—before they experience difficulty.
- Finally, encourage them to participate in student academic organizations, use the recreation center, and make the most of their college experience.

Thank you for setting the students' expectations and helping them find the support they need!
